They are both shocked to see the other one and he makes a strong demand for her to pack her things and be ready to go. With near-stagnant productivity, the central equation in this balance-thatdetermining the size of the feudal surplus-was the ratio betweenpopulation and land. They found, however, that "life review experiences," or LREs, don't play out as Hollywood movies might suggest: The images that bombard the brain aren't chronological.
