In the Golden Years, people are often set in their ways and less flexible. Moreover, in the countries of refuge, the flow of refugees - mostly economic refugees, who invade Europe in particular, but also other countries - is causing serious problems the longer, the more, among the people of the country, their authorities, governments, politicians and political parties, in terms of conflicting, false-humanistic, positive and negative views and opinions regarding the admission or non-admission, admission or rejection, as well as the treatment, rights and rehabilitation of the constantly increasing number of refugees.
